

KEN AND PETER:

There are of course many kinds of people. But the ones listed below are teen agers. Try to work so that you always fall into catagory # 1

Catagory # 1

They are idealistic about
the future even though
the past is shocking.
They are REALLY moral, really
honest really courageous.
They refuse to conform to long
haired, sloppy tongued,
hate drive, pill propelled,
pot smoking, dirty clothed
uniformist contempteous of
everything but themselves!

Catagory #2

The sums of their wisdom stops
in their teens.
They dont thrive upon love,
although they talk about it
a lot- their love is really
self indulgence.
They have heroic sized hatred
and intolerance for those
who do not precisely tune
in to their views.
They cloak their insecurity
in gigantic meaningless
posters.
They are really god-less.
They are grouchy, humorless,
seedy, intolerent.
